

COMPREHENSIVE WEDDING MUSIC PLANNING GUIDE

At **Songbird DJ Services**, we believe your wedding soundtrack should be as unique as your love story. This guide is designed to help you prepare for a seamless, professional, and unforgettable event.

Phase 1: The Ceremony & Prelude

This is where the tone is set. We recommend selecting music that is instrumental or acoustic to keep the focus on the vows.

- **Prelude:** Soft, romantic tracks while guests arrive (30 mins before).
- **Processional:** One song for the wedding party, one distinct song for the bride.
- **Recessional:** Upbeat, celebratory music to signal the start of the party.

Phase 2: The Reception Timeline

Our professional service handles the flow. We coordinate with your venue to ensure perfect transitions:

Event	Description
Grand Entrance	High-energy tracks for the bridal party introduction.
First Dance	Your selected song, professionally mixed for duration.

Dinner Music	Curated ambient soundscape (jazz, soul, or soft pop).
Open Dance Floor	A tailored setlist based on your "Must-Play" and "Do-Not-Play" lists.

Phase 3: Customizing Your Vibe

Please prepare the following to discuss during our final consultation:

- **Top 10 Must-Plays:** The tracks that guarantee you'll hit the floor.
- **The "Do-Not-Play" List:** Any genres or songs you wish to exclude entirely.
- **Special Moments:** Bouquet toss, cake cutting, or unique family traditions.

Thank you for choosing Songbird DJ Services for your special day. We look forward to creating your perfect soundtrack.
